

**How do you feel about supply chain security,
is it getting worse 😞 or getting better 😊?**

Ranindya “Nanin” Paramitha, Christian Kästner,
Laurie Williams

"Is supply chain security getting worse or getting better?"

We don't really know!

Our Planned
Interview Study!

Measuring TRUST
in the Software Supply Chain Security

How do you feel about software supply chain security?

Hopeful!

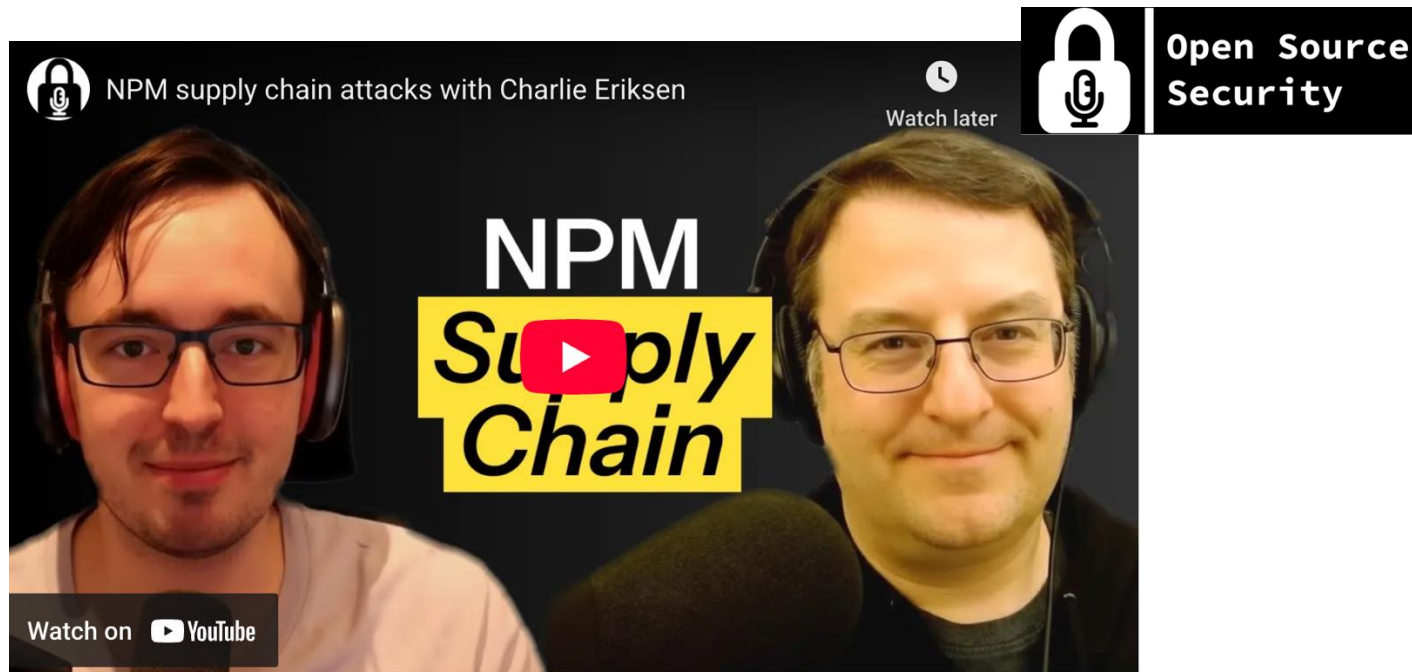

Not really...

The controversy

Podcast link

Charlie Eriksen

Josh Bressers

Do attacks affect people?

Shai-hulud

after that

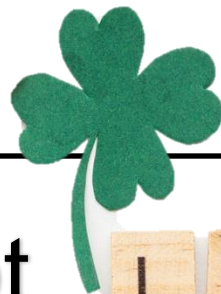

.....
nothing
happen?

We cannot really do that...

We can!

Well, we just got

LUCKY

People are gonna **lose faith** in open source!

No, they won't because they want our free stuff

Thomas
de Pierre

People are gonna **lose faith** in open source!

No, they won't because they want our free stuff

Thomas de Pierre

It's not really free... Some gave up after a compromise

I'm **not** really optimistic...

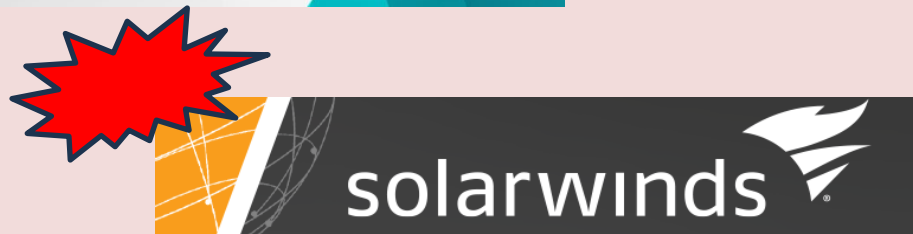

At least they are **talking about it**
and they are **willing to change**

There are **MIXED FEELINGS**

Why **MIXED FEELINGS**?

We have seen catastrophes

Shai-hulud

Why **MIXED FEELINGS**?

We know there have been measures taken

pnpm

and many more!

but we don't know if they make things better

Your feelings matter!

I don't really **TRUST**
the supply chain 😞

I **TRUST** it,
I'm hopeful! 😊

Good things happened,
so now I **TRUST** it

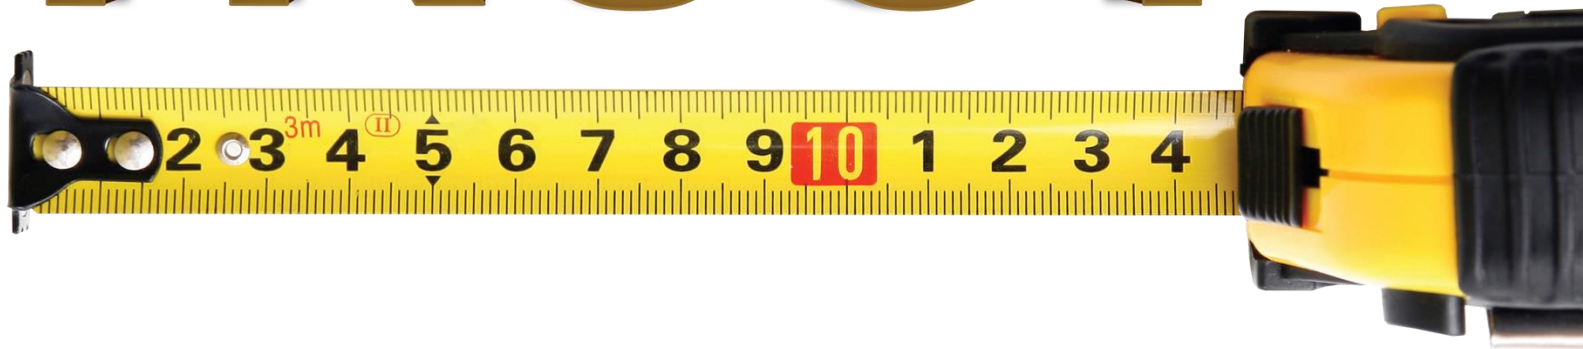

I used to trust, but
now I don't anymore

TRUST

I kinda trust this 4 out of 5 ...?

?? **TRUST**

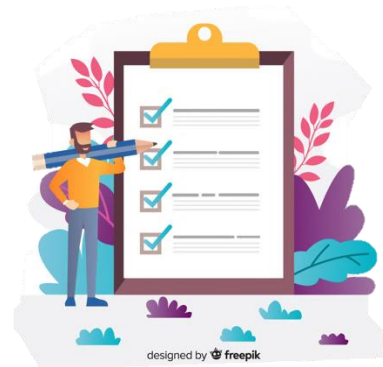

Measuring Trust in the Software Supply Chain Security

Lack of Trust

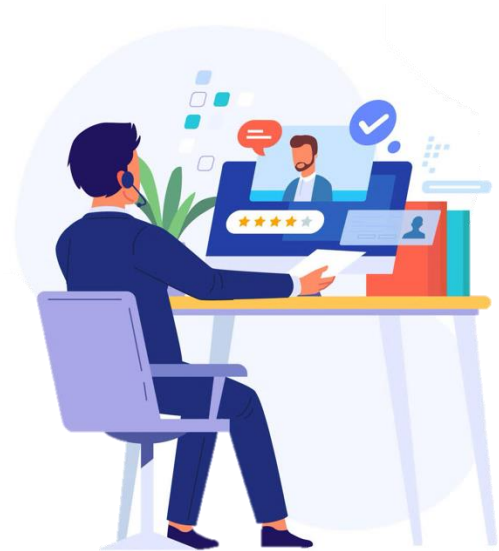

**Put
more
efforts**

before

Our Study

60 minutes
Interview

Target: Software developers

Both Industry and
Open Source

Idea

1. Ask developers' practices when maintaining their SSC

Idea

2. Ask how these practices change and why

**“Are you a
developer who
has adopted a
dependency?”**

Participate in our
interview study!

**“Are you a
developer who
has used GitHub
actions?”**

Compensation:
\$50 Amazon
gift card
